You'll love the intimate views of the beautiful Buccan Buccans (Bucketts Mountains) from this winery. John creates whites, reds and a wide range of Rose' style wines using 460 year old methods brought from Central Europe. The wines are full of character, often intense and completely authentic. Nil or minimal additives and sprays, with fertiliser generated by the property's cattle and turned into 'cow tea' before being added to the individual vines. This is how wine used to be made, complete with corks for reds!

Farmers Wife Gin

www.farmerswifedistillery.com.au
0473 011 033 - Allworth

Farmers Wife Gin is produced traditionally in a copper pot still. The Wife weaves her botanical magic with purified rainwater to make a quality gin. When sipped, the distinct punchy juniper notes are layered with citrus from lemon myrtle, zesty kaffir lime and grapefruit. Followed by the warmth of cardamom, pepper berry & native sage. The distillery is open for tastings by appointment. Contact Kylie 0473 011 033
